Eternal Sunrise

The conditions of social justice & human rights projects make them uniquely vulnerable to long-term planning challenges.

Content

The ethical challenges of working with human rights and social justice collections are often uniquely complex.

Caswell and Punzalan, "Critical Directions for Archival Approaches to Social Justice" (2016)

Urgency

Human rights and social justice projects are often operating under conditions of extreme urgency.

Systems*

The systems under which social justice and human rights projects operate are not designed to support these conditions.
